

Healthcare Supply Chain Services – Medical

If it isn't clean... it isn't sterile

Introducing Wash-Checks™ Monitor Strips

Wash-Checks™ disposable washer monitor strips from Cardinal Health are designed for validation and routine monitoring of hospital washer/disinfectors. When cleaning conditions are effective, the test soil on the monitor will dissolve.

Wash-Checks™ strips are a cost-effective, easy-to-use way to monitor your washer's effectiveness, help ensure proper cleaning cycles and help you to fulfill the JCAHO objective of "continuous process improvement".

Ask your Cardinal Health sales representative for more information today.
