

# Help your patients practice good hand hygiene with the power of PURELL®.

To prevent the spread of germs that may cause illness, it's critical that everyone in the hospital environment practices good hand hygiene. And that includes patients. That's why PURELL® Personal Pack Sanitizing Wipes are an ideal solution. Combined with a variety of great patient education tools, you can make it easier and more convenient for patients to sanitize their hands and help prevent the spread of germs. **Better hand hygiene. Fewer infections. GOJO makes it easy.**

- From PURELL, America's #1 brand for instant hand sanitizer — the brand patients know and trust
- Provides patients with a fast way to clean and sanitize their hands while removing light soil
- Contains 36 wipes, enough to last the length of a typical hospital stay
- 62% ethyl alcohol
- Demonstrates a hospital's commitment to infection control
- Recommended for patient admission kits
- Kills 99.9% of most common germs that may cause illness
- Download education tools at [healthcare.GOJO.com/education](http://healthcare.GOJO.com/education)
